

PULL FOR COMMUNITY

## SPONSORSHIP OPPORTUNITIES

MONDAY | JUNE 26th, 2023

**Something new!** RiverWorks Community Development and the Rockford High School Trap Shoot Team are partnering for Pull for Community! This is an exciting new event that both groups hope will become a successful annual event to raise much needed funds. Funds for RiverWorks will be used for summer programs such as our kids Lunch Box Express and our Golden Neighbor Lunch Club both provide free meals and groceries in the summer months. The Rockford High School Trap Shoot team is a positive group for teens to be involved in. They focus on teaching our youth to be responsible young adults through a safe, fun, and competitive high school trap shooting league. The team has experienced significant cost increases in ammunition and supplies for their sport and hope to defray some of these costs for the athletes and their families.
